Welcome to Renaissance!

Renaissance has a contract with TennCare to provide dental services to children and young adults in the TennCare Children program, also known as Early Periodic Screening, Diagnosis and Treatment (EPSDT). TennCare Children covers checkups for children until they turn age 21.

This handbook is your guide to the services we offer your child. It will also give you helpful tips about your child's benefits and how to help them stay healthy. To get a copy of our full contract with TennCare or to get another free copy of this handbook, call us at 866-864-2526 (TTY/TDD 711). You can also view it and find more information about your dental plan on our member portal website at www.renmemberportal.com/mp/rengp.

Using this Handbook

This handbook will help you understand how the program works. Please read it before you call your dentist or other dentists listed on Renaissance's website.

This handbook uses some terms you should understand:

- **"Your Child," "Child," and "Member"**—The member child enrolled in the TennCare Children dental plan program.
- **"You," "Your"**—The child's legal guardian or parent.
- **"We," "Us," and "Our"**—Refers to Renaissance.
- **"Your Dentist," "Participating Dentist," and "Contracted Dentist"**—The dentist you choose who will provide your child's dental care that has a contract with Renaissance.
- **"Dental Home"**—The dentist's office where your child goes regularly for dental care and will be assigned when they enter the program.
- **"TennCare Dental Plan," "Medicaid," and "TennCare"**—The Division of TennCareSM and/or TennCare Dental Plan and the TennCare Children Dental Plan.
- **"TennCare Children ID Card," "ID Card," and "Health Care Plan ID Card"**—The ID card you get from your child's health care plan.
- **"Auxiliary Aids," "Auxiliary Aids or Services"**—Types of help like qualified sign language interpretation or written information in large print, audio, accessible electronic formats, letter reading, Braille, or other alternative (different) formats. TennCare members can ask for free auxiliary aids and services.
- **"Member Services," "Member Call Center," and "Customer Service"**—The toll-free phone line you can call for help with your child's Renaissance dental plan.
- **"Emergency," "Emergencies," "Emergent," and "Emergency Services"**—Emergencies are times when there could be serious danger or damage to your child's health if they do not get care right away.
- **"Urgent," "Urgent Services"**—Urgent services are services that are not as serious as emergency services but should not wait until the next scheduled appointment.
- **"Grievance," "Complaint"**—A complaint that you let us know about. You can file a grievance if you have a problem calling us or if you are unhappy with the way a staff member or provider treated your child. This is not a complaint about a treatment decision or a service that is not covered or denied (see Appeal).

- **“Appeal”**—The action you can take if you do not agree with a coverage or payment decision made by us. You can appeal if we deny your request for; reduce, limit, or deny coverage of; or stop providing or paying for all or part of a dental service or a dental appliance or device. If asked when using the Provider Locator, make sure you pick your child's plan: TennCare Children.

Providing Your Child with the Best Care and Service

The Renaissance Quality Improvement Program exists because we want to give them the very best services. Our Quality Improvement Program measures how well we are doing. We use it to look closely at all the dentists who participate in the program to make sure that they provide the best dental care for your child's needs. We use the Quality Improvement Program to make changes in how we provide services to keep making them better. For a copy of our Annual Quality Improvement Program, call Renaissance Customer Service at 866-864-2526. From time to time, you might get member satisfaction surveys about their care.

Your Child's Member Benefits

TennCare Children covers dental checkups for children under age 21. Your child needs regular checkups, even if they seem healthy. These visits help your child's dentist find and treat problems early.

If they haven't had a dental checkup, call your child's dentist today for a dental appointment.

If you or someone else, like your child's teacher, is worried about their health, you can get a TennCare Children checkup for them. This includes medical, dental, speech, hearing, vision, and behavioral health (mental health or substance use). TennCare Children also pays for medically necessary care and medicine to treat problems found at the checkup.

TennCare Children checkups may include:

- Health history
- Complete physical exam
- Laboratory tests (as needed)
- Immunizations (shots)
- Vision/hearing screening
- Developmental/behavioral screening (as needed)
- Advice on how to keep your child healthy
- Dental evaluation

Please read more about TennCare Children checkups in your TennCare Children Member Brochure at <https://www.tn.gov/tenncare/tenncare-kids/publications.html>.

How do I find more information about their dental benefits?

To learn more about their dental benefits please visit our online member portal at www.renmemberportal.com/mp/rengp or call us at 866-864-2526.

When do their TennCare Children benefits coverage start?

You will get a letter from TennCare telling you when their TennCare Children was approved and the date the benefits coverage starts. Services they get before this date will not be covered by TennCare Children. You will also get a welcome letter from us. We will send this when we get your child's coverage information from TennCare.

Will I be notified if their TennCare Children benefits coverage ends?

When their TennCare Children coverage ends, you will be sent a letter from TennCare saying that they are no longer covered by TennCare Children. This also means that they are no longer covered by us for dental services. The date on the letter will be the last day that they are covered by TennCare Children. Any services they get after the date on the letter will not be paid by TennCare Children. You will have to pay for any services they get after the date on the letter.

What is routine dental care?

Routine dental care includes diagnostic and preventive visits and therapeutic services such as fillings, crowns, root canals, and/or extractions.

How soon can they expect to be seen?

They should be scheduled for appointments within 3 weeks for routine services and within 48 hours for urgent services.

How do I find a dentist for my child?

A dental home will be assigned to them if they do not already have a contracted dentist. You can also use the Find a Dentist tool at www.renmemberportal.com/mp/rengp. Call us at 866-864-2526 if you need help finding a contracted dentist or want to change their dentist.

Does my child's dentist have to be part of the Renaissance network?

Yes. However, you can choose any contracted dentist for your child's primary dental care. **If your child goes to a dentist who is not contracted, you will have to pay for the treatment unless it is for emergency treatment.** If you need help finding a dentist, use the Find a Dentist tool at www.renmemberportal.com/mp/rengp or call us at 866-864-2526.

Can a clinic be my child's Dental Home (rural health clinic/federally qualified health center or county health department dental clinic)?

Yes, a federally qualified health center or rural health clinic or county health department dental clinic can be their Dental Home if you choose and they are contracted with Renaissance.

How many times can I change my child's Dental Home?

You can change their Dental Home when you need to find the right fit.

If I change my child's Dental Home, when can they start getting services from that provider?

They can see the new provider starting the month after you ask for the change. Sometimes, depending on the reason, we may be able to change your child's dentist right away.

Is there any reason I might be denied if I ask to change their Dental Home?

We might turn down your request for one of the reasons listed below:

- The Dental Home you want to change to is not accepting new patients
- The Dental Home you want to change to does not provide the types of dental services your child needs

Can a Dental Home ask to move them to another Dental Home?

They can be moved from one Dental Home to another for one of the reasons listed below:

- If you or your child do not follow the dentist's advice
- If you or your child are often loud or disruptive while in the dentist's waiting room or treatment area
- If your relationship with their Dental Home is not working for either you or the dentist

What if they are out of town and they are due for a TennCare Children dental checkup?

Office visits for TennCare Children services when they are out of town but within the state of Tennessee will be covered as long as the services are received from a Renaissance provider.

What if they need routine dental care or emergency dental services when they are out of town or out of Tennessee?

If they need routine dental care when traveling, you can use the member portal's Find a Dentist tool at www.renmemberportal.com/mp/rengp. If you need help finding a dentist, call us at 866-864-2526.

If they need emergency dental services while traveling, find care at the nearest dental office or hospital emergency department and then call us or your child's medical health plan.

What if they need dental services when he or she is out of the country?

Dental services performed out of the country are not covered by TennCare.

Your Child's Dental Benefits Summary

TennCare Children members have dental benefits for medically necessary dental services until age 21. If you have questions, please visit our member portal at www.renmemberportal.com/mp/rengp or call us at 866-864-2526.

Some of these benefits may include:

- Oral Health Assessments—the dentist will ask about brushing, flossing, and eating habits
- Examinations of Teeth and Oral Cavity—the dentist will look at the entire mouth to check the health of the teeth and gums
- Topical Fluoride—the dentist will put fluoride, which is a mineral, on the teeth to help stop cavities
- Application of Dental Sealants—the dentist will place a thin coating on the grooves of the back teeth to protect them
- Dental Prophylaxis Services—the dentist will give the teeth a good cleaning
- Diagnostic Services—the dentist will use X-rays along with the exam to decide what dental treatment is needed
- Restorative Services—the dentist may need to do a filling or a crown to restore or fix a tooth
- Orthodontic Services—the dentist may refer to an orthodontist for braces if they qualify under TennCare
- Endodontic Services—the dentist may work on the inside of the teeth, like a root canal
- Oral Surgery—the dentist may need to do surgery on your child's mouth or jaw, like taking out wisdom teeth
- Periodontic Services—the dentist may need to treat gum disease, like doing a deep cleaning
- Oral Pathology Services—the dentist may remove tissue and send it to a lab to find out if there is an infection or even cancer
- Anesthesia Services—the dentist may give medicine to keep your child from being in pain during surgery or another treatment

Orthodontic Services

Braces are covered if they are determined to be medically necessary before they are placed. This includes if a child has a handicapping malocclusion. That means your child's teeth are causing a nutritional deficiency, speech pathology, or injury to the soft tissue in their mouth from an overbite. Any of these conditions must be documented and treated by your child's doctor and/or speech pathologist and/or orthodontist before they can request approval for orthodontic services like braces. If you have any questions about orthodontic benefits, call us at 866-864-2526.

What services are **NOT** covered?

- Services that are not medically necessary for your child's dental health
- Services like tooth whitening or other cosmetic dental care
- Experimental or investigational procedures
- Services that are eligible for reimbursement by another insurance or covered under any other insurance or health care service plan
- Services that may be limited due to frequency or other benefit limitations and exclusions. If you have any questions, please go to our member portal at www.renmemberportal.com/mp/rengp or call us at 866-864-2526.

How to Get Emergency Care

Does TennCare Children cover emergency dental services?

TennCare Children covers emergency dental services.

What is a Dental Emergency?

A dental emergency is a service needed to control bleeding, relieve pain, get rid of acute infection, prevent loss of teeth, and treat injuries. If your child has a dental emergency, call their dental home and ask what you should do. Their dentist might have a different after-hours phone number.

You and your child have the right to use any provider, hospital, or other setting for emergency dental services. TennCare also covers dental services they get in a hospital. This includes services the doctor provides and other services they might need, like anesthesia. They have the same benefits and coverage for emergency services as they do for routine services.

If they are in a medical health plan, the health plan may pay for these services.

Examples of emergencies that might be covered are:

- Dislocated jaw
- Traumatic damage to teeth and supporting structures
- Removal of cysts
- Treatment of oral abscess of tooth or gum origin
- Unusual amount of bleeding following tooth extraction or other oral surgery procedure
- Treatment and devices for correction of craniofacial anomalies
- Drugs for any of the above conditions

How to Get Covered Services

What services do not need a referral?

They do not need a referral for services that are done by Renaissance contracted dentists. Certain dental services performed by a dental specialist may require a referral, including orthodontics, oral surgery, and others.

What if they need to see a dental specialist?

Their dentist will tell you if your child needs to see a specialist.

You can use the member portal at www.renmemberportal.com/mp/rengp or call us at 866-864-2526 if you need help finding a contracted specialist dentist.

They do not need another referral for ongoing treatment by a dental specialist for the same problem. You can also request a second opinion from another contracted dentist. Call us if you need a second opinion.

If there are no dentists or specialists in our provider network who can give them the care, they need or a second opinion, we will get them the care they need from a dentist or specialist outside of our plan. This is called an out-of-network referral. You must get the approval from us before they are seen by an out-of-network provider. We will only cover the services by an out-of-network dental provider if your child has approval before their appointment. You may have to pay for any out-of-network services not approved by us.

What is prior authorization (PA)?

Some dental services will need to be approved (prior authorized) before they can go to the dentist. Their dentist needs to fill out a Prior Authorization Request Form and send it to us if they need care that requires a PA. We must approve the PA request before they can get the care. If we do not approve the service, we will notify the dentist and send you a written notice of the decision. **Prior authorization is not required for emergency dental services.**

TennCare will only cover services that are medically necessary. If they are no longer eligible for TennCare dental benefits, their provider will have you sign a waiver. The waiver means you will be responsible for paying the provider for the services they get.

If your child is no longer covered by TennCare Children benefits, all prior authorizations are voided (no longer good). You will be responsible for paying for all services provided if the child's TennCare Children coverage has ended or expired.

What does medically necessary mean?

For more information, please read the TennCare Medical Necessity Rule. This is found on the TennCare website: <https://publications.tnsosfiles.com/rules/1200/1200-13/1200-13-16.20111128.pdf>.

How do I get the drugs the dentist has ordered for them (prescriptions)?

Take the prescription the dentist gave you and their health care plan ID card to your nearest drug store.

Who do I call if I have problems getting drugs the dentist ordered (prescriptions)?

Call their health care plan or you can contact the TennCare Pharmacy Program at 888-816-1680.

What if I get a bill from my child's dentist? Who do I call?

If you get a bill from their dentist, call us at 866-864-2526. Have your child's health care plan ID card ready and the bill from their dentist when you call.

What is my child's copay?

A copay is when you pay a part of their bill each time they get dental services. This is a fixed charge. To find out what their copay is, please call us at 866-864-2526.

There are no copays for preventive services. If you would like to know if their service is considered preventive, please call us or visit the website portal at www.renmemberportal.com/mp/rengp.

For services that you pay a copay, if they have more than one appointment you will pay the copay at each appointment. For example, if they have a filling done on Monday and a different filling on Tuesday, you will pay the copay at each appointment.

What are my maximum out-of-pocket expenses?

Families are not required to pay more than five percent (5%) of their annual family income for out-of-pocket expenses. If you have paid enough copays that you have reached your maximum, you will not have any more copays until the next calendar year. Renaissance will send you a Maximum Out-of-Pocket Expense letter once you meet your five percent annual cost sharing. To find out if you have reached your out-of-pocket maximum, please call us at 866-864-2526

Going to the Dentist

What to Bring to Your Child's Appointment

What do I need to bring with me to their dentist appointment?

Bring your child's health plan ID card. We do not send out separate ID cards for your child's dental care. If your child has any other dental insurance coverage, bring that information to show your dentist.

What if I need to cancel their dental visit?

If you cannot keep an appointment, call the dentist's office at least 24 hours in advance to cancel.

If I do not have a ride, how can I get them to the dentist's office?

If you don't have a way to get to their dentist appointment, you may be able to get a ride. You can get help with a ride:

- Only for services covered by TennCare, and
- Only if you don't have any other way to get there

Children under the age of 18 may be required to travel with an adult. Members who are 18 years or older may choose to have someone ride with them.

Call their health plan if you need help with a ride to the dentist. This document has more information about scheduling a ride:

<https://www.tn.gov/tenncare/members-applicants/non-emergency-medical-transportation-benefit.html>.

This ride will not cost you anything.

Try to call at least 2 business days before their dental appointment to make sure that you can get a ride. If you change or cancel their dental appointment, you must change or cancel your ride too.

You can get a ride for an emergency by calling 911 or a local ambulance service.

How to Ask for an Interpreter

Can someone interpret for me when I talk with my child's dentist?

You can search for a dentist who speaks your language using the Find a Dentist tool at www.renmemberportal.com/mp/rengp. Our member call center staff can also help you find a dentist who speaks your language. You do not have to use family members or friends as interpreters. You can also call us at 866-864-2526 for help interpreting into your language.

Who do I call for an interpreter?

Call us if you cannot find a dentist who speaks your language. Call us if you need help making an appointment, or if you need an interpreter for your child's dental appointment. You can also ask to have an interpreter talk to you about dental information. There are no charges for these services.

Do I need to call in advance?

Yes. In most cases, we need at least 48 hours' notice. Please call us at 866-864-2526 as soon as you have made an appointment with their dentist.

Call us at 866-864-2526 if you need an interpreter during their appointment. We will:

- Ask you for the language that you speak
- Ask you for the dentist's information
- Schedule a virtual interpreter for your appointment, who will join using video chat
- Call you back to confirm that an interpreter has been scheduled

How to Get Help When the Office is Closed

How does my child get dental care after their dentist's office is closed?

If they need dental care after the office is closed and it is not an emergency, you can call their dentist and leave a message with the answering service or voicemail. The dentist's staff will call you back when the office reopens.

Children's Oral Health

How does my child get the most out of their benefits?

They can get the most from their dental coverage by:

- Seeing only contracted dentists who are listed on the Find a Dentist tool
- Visiting the dentist regularly for checkups
- Following the dentist's advice about regular brushing and flossing
- Getting treatment before they have a toothache or other problem
- Keeping their dental appointments

Helping them have healthy teeth starts at birth. Their gums should be wiped twice a day. Use a wet gauze pad or a clean, damp cloth. Gently wipe all the surfaces of their gums. The first dental visit should happen within six months after their first tooth appears, but no later than their first birthday.

When they have teeth, start using a soft infant toothbrush and small amount of fluoride toothpaste (about the size of a grain of rice). Do not worry about them not being able to spit out the toothpaste. The toothpaste left in their mouth helps to protect their teeth.

A visit to the dentist can keep them from getting cavities, gum disease, and other problems. After the first appointment, they should see the dentist once every 6 months or sooner if they have dental problems. Regular dental visits can prevent major problems that cause them to miss school and you to miss work. Be sure to schedule the next dental visit before leaving the dentist's office.

Keep their teeth healthy with these tips:

- Brush twice a day
- Floss daily
- Do not share toothbrushes
- Replace toothbrushes every three to four months
- Store toothbrushes with bristles on top
- Do not cover toothbrushes. They need to dry out.
- Children should never be put to bed with juice or milk. This can rot their teeth.
- Only water should be given after brushing at bedtime
- Use soap and water to clean baby bottles, sippy cups, pacifiers, and teething toys
- Talk to their dentist if they use a pacifier or suck their fingers or thumbs
- They should drink fluoridated water and use fluoride toothpaste
- Eat a well-balanced diet and avoid sugary foods and drinks

3. Ask for and get information about how Renaissance pays its providers, including any kind of bonus for care based on cost or quality.
4. Ask for and get information about their dental, medical, and insurance records as the federal and state laws say. You can see their dental, medical, and insurance records, get copies of their records, and ask to correct their records if they are wrong.
5. Get services without being treated in a different way because of race, color, national origin, language, sex, age, religion, disability, or other groups protected by the civil rights laws. You have a right to report or file a written complaint if you think they have been discriminated against. If you complain, they have the right to keep getting care without fear of bad treatment from Renaissance, providers, or TennCare. You can file a complaint for them and learn more about their rights on TennCare's Civil Rights Compliance site at <https://www.tn.gov/tenncare/members-applicants/civil-rights-compliance.html>.
6. Get care without fear of physical restraint or seclusion used for bullying, discipline, convenience or revenge.
7. Make appeals or complaints about Renaissance or their care.
8. Make suggestions about their rights and responsibilities or how Renaissance works.
9. Choose a provider in the Renaissance network. You can turn down care for them from certain providers.
10. Receive emergency services for them, 24 hours a day, seven days a week.
11. Be told by their dentist in an easy-to-understand way about your care and all the different kinds of treatment that could work for them, no matter what they cost or even if they aren't covered.
12. Help make decisions about their dental care.
13. Ask TennCare and Renaissance to look again at any mistake you think they made.
14. Ask about them getting on TennCare or keeping their TennCare or about getting their health care.
15. End their TennCare coverage at any time.
16. Exercise any of these rights without changing the way Renaissance or its providers treat them.

Member Responsibilities

Your child and Renaissance both have an interest in seeing your child's dental health improve. You and your child can help by accepting these responsibilities.

1. You must tell TennCare if you change their address or phone number. Failure to tell TennCare about an address or phone number change could result in not getting important information about your child's eligibility and/or benefits.
2. They must try to follow healthy habits that include exercise, staying away from tobacco and eating a healthy diet.
3. You and your child must become involved in their dentist's decisions about treatments.
4. You and your child must work together with Renaissance's dentists and other providers to pick treatments that you have all agreed upon.
5. If you have a disagreement with Renaissance, you and your child must try first to resolve it using Renaissance's complaint process.

6. You and your child must learn about what Renaissance does and does not cover. You must read their member handbook to understand how the rules work.
7. If you make an appointment for them, you must try to get to the dentist's office on time. If you cannot keep the appointment, be sure to call and cancel it.
8. You and your child must report misuse by dental and health care providers, other members, Renaissance, or other dental or medical plans.

Talking About Your Health Care Needs and Wishes

Living Will or Advance Care Plan

When people are very sick, they might die without machines and medicine to keep them alive.

Under the Tennessee Right to Natural Death Act, you have the right to decide if you want to be kept alive by these machines and medicine and for how long. You can do this with a "Living Will."

A Living Will must be filled out while you can still think for yourself. Your Living Will needs to be signed in front of two people.

These people cannot be:

1. Related to you by blood or marriage
2. Entitled to any of your belongings after you die
3. Your doctor or the employees in their office where you are a patient

You should make three copies of your Living Will. They should be kept:

1. With your primary care physician (PCP)
2. A person you trust to make medical decisions for you and
3. With your other important papers

Once you sign your Living Will, it is your rule even if you cannot talk. If you would like to change your living will, you can at any time while you can still speak for yourself. You can find Living Will information in your health plan member handbook.

IMPORTANT: You do not have to fill out these papers. It is your choice. You may want to talk to a lawyer or friend before you fill out these papers.

Tennessee Durable Power of Attorney for Health Care or Appointment of Health Care Agent

The Durable Power of Attorney for Healthcare paper lets you name another person to make medical decisions for you. In 2004, Tennessee law changed the Durable Power of Attorney for Healthcare to Appointment of Healthcare Agent; either one is OK to use.

This person can only make decisions for you if you are too sick to make them yourself. They can speak for you if you cannot speak for yourself. You might be sick for a short time. These papers must be signed, and either witnessed or notarized. Once the papers are signed by everyone, it is your rule. It stays like this unless you change your mind.

These papers will only be used if you get too sick to be able to say what you want to happen. If you can still think for yourself, you can decide about your health care yourself.

If you fill out these papers, make three copies:

- Give one copy to your PCP to put in your medical file.
- Give one copy to the person who will make a medical/dental decision for you.
- Keep a copy with you to put with your important papers.

IMPORTANT: You do not have to fill out these papers. It is your choice. You may want to talk to a lawyer or friend before you fill out these papers.

TennCare Appeals

An appeal is one way to make sure TennCare decisions are based on accurate information. When you appeal, you are asking to tell a judge the mistake you think TennCare made. It is called a **fair hearing**.

Your right to appeal and right to a fair hearing are explained more in part "What else does TennCare need to work your appeal?" on page 17 of this handbook.

There are two different kinds of appeals: Dental Service Appeals and Eligibility Appeals. A dental service appeal is the action you can take if you disagree with a dental coverage decision by TennCare or Renaissance. An eligibility appeal is the action you can take if you cannot get or keep TennCare for your child.

Dental Service Appeals

Dental Service Appeals are for people who have TennCare. Dental Service Appeals are for problems like getting your dental plan to OK a service your dentist says your child needs. Dental Service Appeals go to TennCare Member Medical Appeals. Page 16 tells you more about filing a dental service appeal.

Renaissance will send you a letter if the dentist's request for your child to get a dental service is denied. Renaissance will also send a letter if we try to stop or reduce care they have been getting. The letter will tell you how you can appeal.

Whenever they need a service that Renaissance has denied, you have the right to ask TennCare for an appeal. For problems getting dental care, **call us first at 866-864-2526**.

If you **still** cannot get the dental care they need, you can file a dental appeal by calling **TennCare Member Medical Appeals at 800-878-3192**.

You have 60 days after you find out there is a problem to appeal. So, if you get a denial letter from Renaissance, you have 60 days from the date on the denial letter to file an appeal.

- For dental care you still need, you have **60 days after** TennCare or Renaissance says we will not pay for the dental care.
- For dental care bills you think TennCare should pay, you have **60 days** after you get your first bill.
- For care you paid for, you have **60 days** after you pay for the care.

Keeping Your Child's Care During Your Appeal (Continuation of Benefits)

If they are already getting care, they may be able to keep getting it during your appeal. To keep getting their care during your appeal, **all** of these things must be true:

- You must appeal by the date their care will stop or change or within 10 days of the date on the letter from their dental plan (whichever date is later).
- You must say in your appeal that you want them to keep getting the care during the appeal.
- The appeal must be for the **kind** and **amount** of care they have been getting that has been stopped or changed.
- You must have their dentist's order for the care (if one is needed).
- The care must be something that TennCare still covers.

IMPORTANT: What if you want to keep getting care during your appeal and you lose your appeal? You may have to pay TennCare back for the care you got during your appeal.

Do you think your child has an emergency?

Usually, your appeal is decided within **90 days** after you file it. But, if they have an emergency and your dental plan agrees that they do, you will get an **expedited** appeal. An expedited appeal will be decided in about one week. It could take longer if your dental plan needs more time to get their dental records.

An emergency means waiting 90 days for a “yes” or “no” decision could put their life or physical or mental health in real danger.

If one of those things is true for them, you can ask TennCare for an expedited appeal. Their **dentist** can also ask for this kind of appeal for you. But the law requires your dentist to have your permission (OK) in writing. Write your child’s name, date of birth, dentist’s name, and **your permission for their dentist to appeal for you on a piece of paper. Include your or your authorized representative’s signature in writing.** Then fax or mail it to TennCare Member Medical Appeals (see **below**).

What if you do not send TennCare your OK and your dentist asks for an expedited appeal? TennCare will send you a page to fill out, sign, and send back to us.

After you give your OK in writing, if your appeal is an emergency, you can have their dentist fill out and sign the Provider’s Expedited Appeal Certificate like the one on page 22 of this handbook. Their dentist should fax the certificate to **888-345-5575**.

TennCare and their dental plan will then look at your appeal and decide if it should be expedited.

If it should be, you will get a decision on your appeal in about one week. Remember, it could take a few more days if their dental plan needs more time to get their dental records. But, if their dental plan decides your appeal should not be expedited, then you will get a hearing decision within 90 days from the date you filed the appeal.

FAX: You can fax your appeal page or letter for free to 888-345-5575. Keep the paper that shows your fax went through.

For all dental appeals, TennCare needs:

1. Your **child's name** (the name of the person who wants to appeal about their dental care)
2. Your child's **Social Security number (SSN)**. If you do not have an SSN number, give their date of birth. Include the month, day, and year.
3. The **address** where you get your child's mail.
4. The **name** of the person to call if TennCare has a question about your appeal (this can be you, or someone else).
5. A **daytime phone number** for that person (this can be your phone number, or another person's phone number).
6. The **services** that you are appealing.

What else does TennCare need to work your appeal?

To get a fair hearing about dental care problems, **you must do both of these things:**

- You must give TennCare **the facts** they need to work your appeal.
- And you must tell TennCare the **mistake** you think we made. It must be something that, if you are right, means that TennCare will pay for this dental care.

Depending on the reason you are filing a dental appeal, here are some other kinds of information you must tell TennCare. Are you appealing about dental care your child still needs? Tell TennCare:

- The kind of dental care you are appealing about;
- And the reason you want to appeal. Tell TennCare as much about the problem as you can. Be sure you say what mistake you think TennCare made. Send copies of any papers that you think may help TennCare understand your problem.

Are you appealing for dental **care they have already had** that you think TennCare should pay for?

Tell TennCare:

- The **date** they got the dental care you want TennCare to pay for.
- The name of the **dentist or other place** that gave them the dental care. (If you have it, include the **address** and **phone number** of the **dentist or other place** that gave them the dental care.)
- **If you paid for the dental care**, also give TennCare a **copy of a receipt** that proves you paid.
Your receipt must show:
 - The **kind of dental care** they got that you want TennCare to pay for
 - And the name of the **person** who got the dental care
 - And the name of the **dentist or other place** that gave them the care
 - And the **date** they got the care
 - And the **amount** you paid for the care
- If you're getting a bill for the dental care, give TennCare a copy of the bill. Your bill must show:
 - The **kind of dental care** that you are being billed for
 - And the name of the **person** who got the care
 - And the name of the **dentist or other place** that gave them the dental care
 - And the **date** they got the dental care
 - And the **amount** you are being billed

What does TennCare do when you appeal about a dental care problem?

- **When TennCare gets your appeal, they will send you a letter that says they got your appeal.** If you think you have an emergency and asked for an expedited appeal, it will say if you can have an expedited appeal.
- **If TennCare needs more facts to work your appeal, you will get a letter that says what facts they still need.** You should give TennCare all of the facts that they ask for as soon as possible. If you do not, your appeal may end.
- **TennCare must decide a regular appeal in 90 days. If you have an emergency appeal, they will try to decide your appeal in about one week (unless they need more time to get your child's dental records).**
- **To decide your appeal, you may need a fair hearing.** To get a fair hearing, you must say TennCare made a mistake that, if you are right, means your child will get the dental care or service you are asking for. You may not get a fair hearing if you are asking for care or services that are not covered by TennCare. A fair hearing lets you tell a judge the mistake you think TennCare made. If TennCare says that you can have a fair hearing, you will get a letter that says when your hearing will be.

What happens at a fair hearing about dental care problems?

- **Your hearing** can be by phone or in person. The different people who may be at your hearing include:
 - An administrative judge
 - A TennCare attorney
 - A witness for TennCare (someone like a dentist),
- You can talk for yourself. Or you can bring someone else, like a friend or a lawyer, to talk for you. You may also ask your dental provider to testify for you.
- **During the hearing**, you get to tell the judge about the mistake you think TennCare made. You can give the judge facts and proof about your child's health and dental care. The judge will listen to everyone's side.
- **After the hearing**, you will get a letter that tells you the judge's answer. What if the judge says you win your appeal? TennCare must agree that it's the right decision based on the facts of your case. Federal law says that a **judge's decision is not final until TennCare OKs it**. If TennCare overturns a judge's decision, we must tell you why in writing. The letter will tell you what to do if you disagree with TennCare's decision.

Remember, you can find out more about your Rights to a Fair Hearing, in part "What else does TennCare need to work your appeal?" on page 17 of this handbook.

Eligibility Appeals—Getting or keeping TennCare and other TennCare problems

An appeal about TennCare problems *other than dental care* is called an **eligibility appeal**. An eligibility appeal is filed with TennCare Connect and then goes to the Eligibility Appeals Unit at TennCare.

An eligibility appeal is used for TennCare problems like:

- You get a letter that says your child's TennCare will end,
- Or, your TennCare has ended but you didn't get a letter because your child moved,
- Or, you think their TennCare copays are wrong,
- Or, you think TennCare gave them the wrong benefit package.

If you have a problem like one of those listed above, call TennCare Connect at 855-259-0701. They will check to see if a mistake has been made. If they decide you're right, they will fix the problem. But if they say no, and you still think a mistake has been made in your case, **you can appeal**.
